**Course Description**

This course provides opportunities for the student to write, critique, and receive critique on original writings produced during the class.

The above learning objectives partially fulfill the following program outcomes for the Master of Divinity and Certificate of Unity Ministry:

Foundational Knowledge: Demonstrate professional competency through the integration of knowledge and methodology in the areas of scripture, theology, historical studies, communication, pastoral studies, leadership and administration.

Assignments: Students will write and share original works. No word limits or specific writing tropics will be assigned. This is a nuts-and-bolts writing class. A desire to write and willingness to re-write are the only requirements
